

REMARKS

Upon review of the above-captioned application upon allowance, Applicants note that the Title of the Invention is not descriptive of the allowed structure claims. Accordingly, the Title of the Invention has been amended to be more descriptive of the allowed structure claims.

For purposes of this amendment, the Title of the Invention now recites, "An Electro-Mechanically Polished Structure" rather than "Electro-Mechanical Polishing of Platinum Container Structure." No new matter has been introduced. Entry of the present Amendment is respectfully solicited.
